Education is part of the foundation of all progress and growth both as an individual and as a society. It is dependent on multiple factors- the availability of stationery items is one of them. Stationery is the first thing along with books comes in our mind when we think or talk about education. It is the basic requirement for learning. Pencils, erasers, sharpeners, tools of geometry, notebooks are some basic stationery items without these items student won't be able to write and it will restrict their creativity and thought process. i.e., When a child starts learning alphabets, teachers help them to write it, in this activity children are not only recognizing the shape of the alphabets, but it also helps develop the child's fine motor skills to control their hand movement by using different pressure on pencil to write. It is an inseparable and essential part of a student's life. These are useful for students in school as well as home. But not many students are blessed enough to have these basic and essential things in their life because of their poor economic condition. Unavailability of stationery will not only slow down the learning process but also demotivate them. We in Paragraph are trying our best to reach out to many such kids in every possible way.

Pragrath is donating stationery in order to ensure that each and every underprivileged child must have the basic study material, Pragrath's aim is to reach out to maximum students, so that their wish of study is fulfilled and doesn't get affected because of lack of stationery. To fulfill this aim Pragrath distributed stationery to Primary and Upper primary schools of Haldaur Block of Bijnor district.

Table 1: Table showing the schools and their number of students

S.No.	Name of School	No. of Students
1	Primary School, Pilana	53
2	Primary School, Kulchana	36
3	Primary School, Mithanpur	26
4	Upper Primary School, Pilana	55
Total		170

Pic. 1: Students of Upper Primary School, Pilana after stationery distribution drive

Pic. 2: Students of Primary School, Kulchana after stationary distribution drive

Pic. 3: Students of Primary School, Mithanpur after stationary distribution drive

All the primary and upper primary government schools of Haldaur Block in district Bijnor were covered in this stationary distribution drive as depicted in table 1. The stationary items distributed among the students were divided in two separate kits for primary and upper primary students as per their requirements. (Refer Table 2)

Table 2: Stationary items distributed

For Primary:	For Upper Primary:
<ul style="list-style-type: none"> ➤ 3 in 1 copy ➤ Pencils ➤ Eraser ➤ Sharpener ➤ Wax Crayons 	<ul style="list-style-type: none"> ➤ 3 Copies (including science practical copy) ➤ Geometry Box
